Activities & Services School And Sports Centers

The cleanliness and hygiene of your establishment are paramount for the well-being of your students, your teaching staff, administrative staff or your members. Indeed, the positive impression that those who attend your school greatly favors the feeling of comfort and security. The cleanliness and hygiene of your establishment are paramount for the wellbeing of your students, your teaching staff, administrative staff or your members. Indeed, the positive impression that those who attend your school greatly favors the feeling of comfort and security.

The maintenance of your school or sports center requires a very particular organization depending on its activity and attendance. To guarantee an excellent level of presentation, we draw up precise maintenance plans where maintenance and renovation of surfaces alternate. Services 2000 already has several establishments of this type, which guarantees a real experience in this field.
